

Reference for WeeShine On

12/6/2026

To Whom It May Concern,

I am pleased to provide this reference for WeeShine On, who have been working with us at Loch Lomond Golf Club for the past few months. As a prestigious private members' club, we require a cleaning company that consistently delivers an exceptional standard of service, demonstrates discretion, and places the needs of our members at the forefront of everything they do.

Andrew and Laura have exceeded our expectations in this regard. Their attention to detail, professionalism, and commitment to maintaining the highest standards have been particularly evident within Rossdhu House, where many of our furnishings are historic and require careful handling. Their approach has helped to preserve, restore, and enhance these important spaces while ensuring they remain welcoming and immaculate for our members and guests.

We have found WeeShine On to be reliable, trustworthy, and highly responsive. Andrew and Laura take great pride in their work and have quickly become valued partners to our team. I would have no hesitation in recommending WeeShine On to any organisation seeking a professional, diligent, and high-quality cleaning service.
